

Features designed  
for all-round comfort

- 1 **Flex-wing forehead support** allows a dynamic range of fit and adjustment, and feels light on the face.
- 2 **Dual wall Spring Air™** cushion seals with even more comfort.
- 3 **Headgear loops** simplify attachment for improved usability.
- 4 **Circular diffused venting** gently disperses air for less user and partner disturbance.
- 5 **Quick release elbow** with squeeze-tabs to make attaching and detaching quicker and easier.
- 6 **Comfortable SoftEdge headgear** with rolled-edge fabric that reduces facial marking.

# Quattro™ AIR

The lighter way to better sleep

**Quattro™ Air**  
FULL FACE MASK

**Quattro™ Air for Her**  
FULL FACE MASK

## A lighter mask for better sleep

ResMed's new Quattro Air is our lightest full face mask yet. In fact, it's 45% lighter than our previous Mirage Quattro™ mask.\* Quattro Air gives you less bulk on your face than most other full face masks and a clear field of vision. And a series of design enhancements makes it simpler to put together, more comfortable and easier to maintain.

\*The medium size of Quattro Air is 45% lighter than the medium size of Mirage Quattro.  
 \*\* Based on ResMed's Clinical Studies.

## Simple, intuitive comfort

Quattro Air has all the proven performance of Mirage Quattro, refined into a mask that is sleeker and more streamlined. Quattro Air's advanced flex-wing forehead support covers less of your forehead. The SoftEdge™ headgear is gentle on the face and causes less facial marking. And because it's designed in just four parts, Quattro Air is simple to assemble and quick to clean.

## Quieter venting

The circular venting gently diffuses airflow, creating a perception of quieter performance compared to Mirage Quattro.\*\* The vent is designed to help you—and your partner—sleep in a calm, peaceful space.

## Quattro Air **for Her**

Quattro Air for Her has all the benefits of Quattro Air, starting from a smaller size range. It features stylish pink and grey headgear.
